

HB-Laser merges with the Laserworld Group

We are pleased to inform you that **HB-Laserkomponenten GmbH** now is a part of the Laserworld Group.

The new structure strengthens the international position and harbors enormous potential for a promising future. Now HB-Laser and Laserworld can combine their strengths in marketing, sales, rental, development and project business to continue to provide better service to the global showlaser market.

New Product Price List available

Just in time for summer we have updated our product price list with new products and series such as the Pangolin ScannerMax or the new Laserworld Diode Series. As usual we can offer you an outstanding price/performance ratio!

Download your price list via the link below and see for yourself!

Laserworld Diode Series extended

LASERWORLD
DS-3300RGB

The latest sales figures of the new Laserworld Diode Series show a very positive development after product launch and the high expectations have been exceeded! No wonder because the pure diode technology based laser light systems are not only very powerful but also extremely affordable.

We are excited to announce an addition to the family. The Laserworld DS-3300RGB has a typical total power of 3,300mW, analogue modulation and quality beam specifications:

Laserworld DS-3300RGB

Total Power typical:: 3.300mW
Power Red:: >550mW/638nm
Power Green:: >900mW/520nm
Power Blue:: >1.600mW/450nm
Beam Specifications (full angle):: ca. 3mm/1.3mrad
Laser Sources: Diodes
