

Laser Rental

There are over 100 projectors in the extensive rental stock of Laserworld. We offer you a big variety - suitable for every occasion. Starting with the popular systems of the Pure Micro Series up to our high-end devices of RTI with over 20 watt. **We ship worldwide!**

In addition to our rental devices you'll find a wide range of accessories, e.g. software, fog machines etc.

We are always pleased to advise you in finding the best choice of systems for your event!

Rental time

Flexibility is very important for us. Therefore it doesn't matter if you want to rent our systems for an extended period or just for a one day event.

It's so easy!

Just choose your projector(s) and the accessories and then send us your inquiry.

Our service partner provides a smooth delivery and collection of the devices.

Most important:

If we organize the shipment, we will only charge for the time in which the devices are at your place!
